PLEASE NOTE

Best efforts were made to have schedules not conflict with Ice Show Practices, to keep tryout skaters as close as possible to their tryout number and group number times while giving enough time to change, and to keep siblings as close together as possible.

Please arrive 10 mintues before your scheduled time slot. We need everyone's cooperation to keep the day running smoothly and on time. Please come dressed with hair and makeup done. Please bring your skates and have them on for your group photo.

If you simply cannot make your scheduled time work, or you do not wish to have a single photo of your skater, please let Cassie Rasmussen know as soon as possible and before **January 17th**. Those who cannot make their group photo time will be listed as *not pictured in the program. Single photos may be rescheduled for a later date and time by contacting Adam and would incur a fee.

Please remember Adam donates his time and this service to our club and relies soley on our personal orders for compensation. Adam will also be doing Senior photos separately this year.

Please note that Adam has asked that we stick to the schedule and this year will be doing all sibling/buddy/friendship photos at the end the day both Saturday and Sunday afternoon after all group/individual photos are completed. Please fill out the google doc if you plan to attend either of these time slots. Arrive at allotted time ready for your photo.

Please reach out to Cassie Rasmussen with any questions. Email cassrass13@yahoo.com or 763-443-1395 Thanks
